SAT 100

Transmission Fluid Supplement

Description

SAT 100 is a uniquely formulated supplement designed to be added to automatic and manual transmissions at a treatment rate of 8 ounces. This product will deliver the following performance enhancements to GM Dexron II/III, Ford Mercon (or Type F), and Chrysler Mopar ATF's.

SAT 100 was developed to extend the life of the fluid and transmission or gear box itself. This laboratory and field proven formula will:

- Improve drivability keeps transmissions running smoothly
- Improve shifting - better ride, no slipping
- Protects seals - longer transmission life
- Improve oxidation stability/ prevent corrosion - better heat control
- Improve detergency/keep clean/prevent sludge - smoother ride
- Improve dispersancy/ keep clean - smoother ride
- Stop foaming - quieter ride
- Reduce/stop leaking
- Reduce wear - longer life
- Protects manufacturer frictional performance - smoother shifts, eliminates slippage

Typical Physical Properties

Kinematic Viscosity @ 100C, cSt	ASTM D445	6.5 - 7.5
Specific Gravity	ASTM D1122	0.91
Phosphorous, ppm	XRF	
2000		
Flash Point, F	ASTM D92	>275
Appearance	Visual	
Clear, red
